## **30 YEARS OF MASTERY OF THE RACING TRACKS**

---

Decades on the top of snowmobile racing and technology are proof of the high quality of Lynx snowmobiles. The technology developed on the racing tracks is made for tireless performance even in more demanding conditions, and to ensure that you reach your destination safely.

The original Lynx accessories are developed with the same uncompromising attitude. They are designed to perform in hard use from year to year. The high-quality Lynx riding gear designed especially for snowmobiling is a delight to the eye and also keeps you warm and dry in wind, storm and spring snowdrifts.

Lynx snowmobile accessories and riding gear make each riding mile enjoyable.

# CLOTHING

Lynx snowmobile wear is made from Öko-Tex certified fabrics and contains no toxic components or allergy-inducing dyes. Environmental aspects have been taken into consideration in manufacture. Lynx snowmobile wear always has taped seams, embroideries and logos. The outer shell layer is composed of durable 600D laminated polyester with water and dirt repellent Teflon treatment. The clothes are breathable, waterproof and wind-proof. They will not rustle or harden even in extremely cold weather. Lynx snowmobile wear has been specifically designed for snowmobiling. Riding posture and guards worn under the clothes have been taken into account in the sizing.
